

DESIGN REVIEW COMMITTEE

2010 End -Year Report

The Design Review Committee (DRC) is a five-member committee created by the Declaration of Covenants of the Village and is responsible for the review and approval of all proposed improvements within the Village. The committee members in 2010 included three members appointed by the Homes Association, one architect (Gregg Cook) and two Village residents (Jim Walker, and Allan Forker). The committee also consists of two members appointed by Aslan Development one of which is Jack Vickers III and the other developer position is currently vacant. The primary purpose of the DRC is the protection of the property values and the preservation of the quality of life in the Village by controlling the appearance, condition, and use of the land, buildings, landscapes, and other improvements.

The Homes Association wishes to thank the Committee members for their many valuable volunteer hours of service to the DRC and the Community over the past year.
